We Help Your Ideas Grow

Canws is a software development studio that builds scalable, design-led digital products. With 8yrs of expertise and over 300+ projects shipped with a top rating of 4.9★. We combine strategy, design, and engineering to turn complex ideas into market-ready solutions. Fast, reliable, built for long-term growth.

The Challenge

Traditional service booking methods often lack transparency, scheduling flexibility, secure payment systems, and real-time tracking. Customers struggle to find trusted professionals quickly, while service providers need better tools to manage bookings and earnings.

The Feature Offerings

Instant & Scheduled Booking

Book services instantly or schedule preferred time slots.

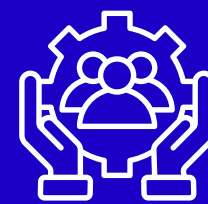

Real-Time Tracking

Track service providers with live ETA updates.

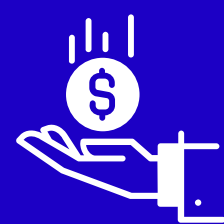

Secure Payments

Protected transactions through cards, wallets, and UPI.

Fast Refund System

Quick and transparent refund management process.

Provider Management

Service professionals can manage bookings and availability.

Notifications & Alerts

Real-time booking, arrival, and payment notifications.

Design and development

Product Design & User Experience

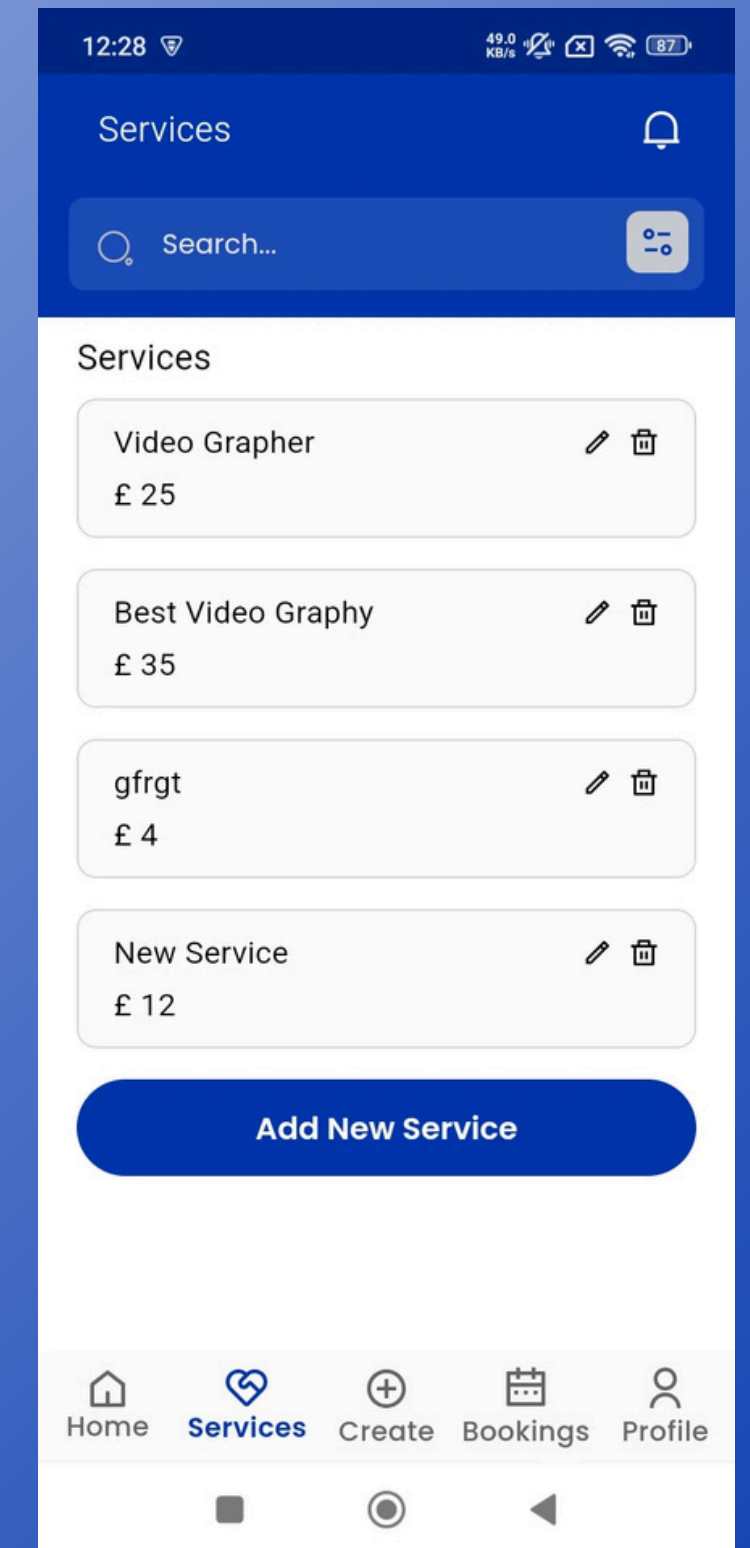

We designed an intuitive and user-friendly experience focused on convenience, accessibility, and fast service interactions.

Design Highlights

- Clean mobile-first UI
- Simplified booking workflow
- Easy provider discovery
- Real-time tracking experience
- Responsive dashboard interfaces

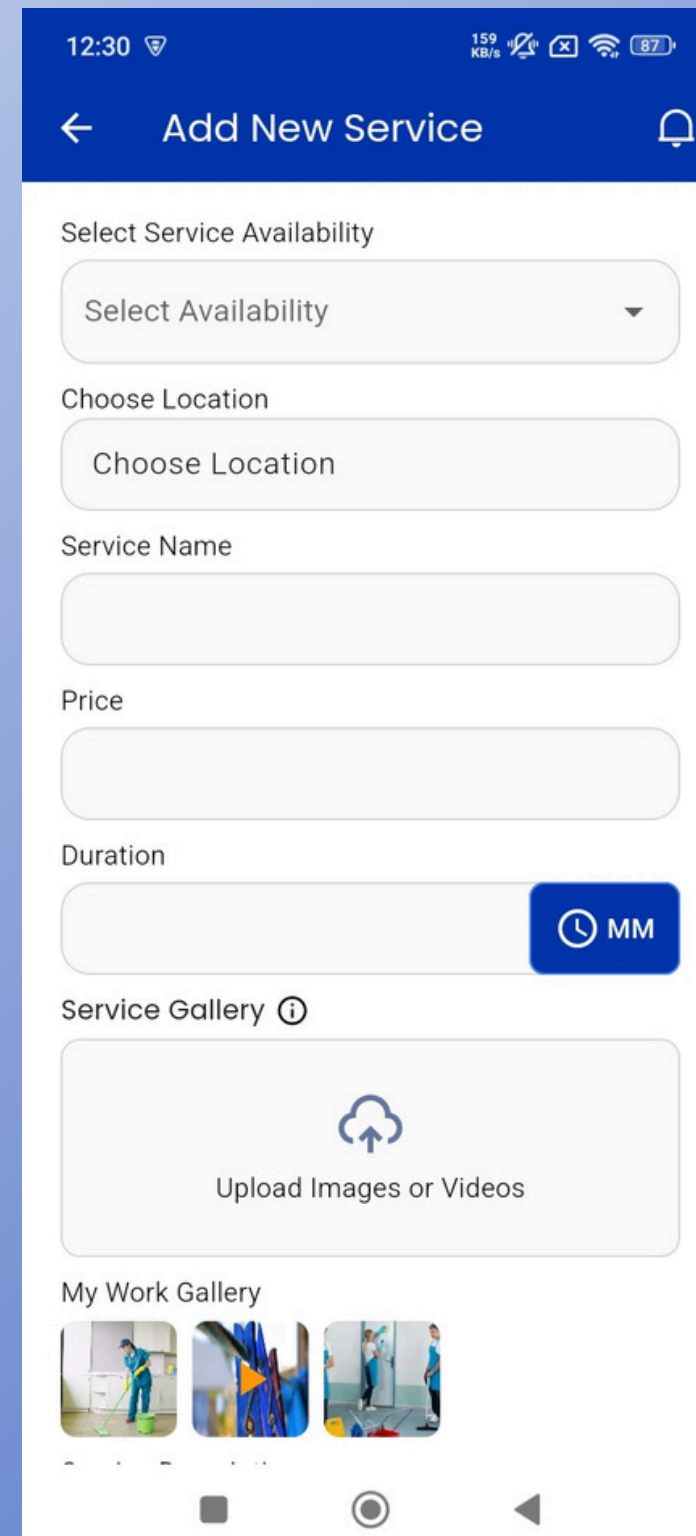

Design & Development Scope

- User Research & Service Flow Design
- High-Fidelity UI/UX Design
- Customer & Provider Dashboards
- Booking & Tracking Interfaces
- Payment & Notification Flows

Architecture & Delivery

We built a scalable cloud-based infrastructure capable of handling real-time bookings, provider tracking, payment processing, notifications, and customer interactions securely and efficiently.
